

Amendments to the Claims:

The following listing of claims replaces all prior versions and listings of the claims in the application:

Listing of Claims:

1-29. (Cancelled).

30. (New) A method for serologically identifying with improved accuracy an individual known to be weed pollen allergic as *Parietaria* allergic, comprising contacting serum from an individual known to be weed pollen allergic with a pure Par j 1 or Par j 2 allergen component, determining the presence of IgE binding to said pure Par j 1 or Par j 2 allergen component; and identifying the individual as *Parietaria* allergic if the contacted serum contains IgE binding to said pure allergen component.

31. (New) The method according to claim 30, further comprising selecting an allergy treatment involving extract, proteins or peptides derived from a *Parietaria* species for an individual identified as *Parietaria* allergic.

32. (New) The method according to claim 30, wherein the pure allergen component is Par j 1.

33. (New) The method according to claim 30, wherein the pure allergen component is Par j 2.

34. (New) The method according to claim 30, wherein the pure allergen component is recombinant.

35. (New) The method according to claim 34, wherein the pure allergen component is recombinant Par j 1.

36. (New) The method according to claim 34, wherein the pure allergen component is recombinant Par j 2.
